Ines Rathke joins Jens Kremer at the helm of DLG Markets GmbH

Tobias Eichberg steps down as managing director. Ines Rathke is his successor and will lead DLG Markets GmbH together with Jens Kremer, who remains Managing Director

DLG Markets GmbH announces leadership transition: Ines Rathke succeeds Tobias Eichberg. The experienced trade fair expert will run the company together with Jens Kremer, who continues as Managing Director.

From her many years as project manager of EuroTier, Ines Rathke brings experience in organizing and developing trade fairs, as well as in working closely with exhibitors, partners and teams.

"Ines Rathke knows our trade fairs inside out as well as the people who shape them. As head of EuroTier, she has demonstrated professional expertise, organizational skill and a feel for the industry's concerns. I look forward to working with her and our teams to further develop DLG Markets' trade fairs and projects," says Jens Kremer, Managing Director of DLG Markets GmbH.

DLG Markets GmbH is an international organizer of trade fairs and conferences and a service provider for the agrifood industries. Through its global network, the company connects companies, experts and organizations, and supports the development of new markets.

DLG Markets’ trade fair portfolio includes Agritechnica, the world's leading trade fair for agricultural machinery, and EuroTier, the world's leading trade fair for livestock professionals. Other events include EnergyDecentral, the DLG-Feldtage (DLG Field Days) and PotatoEurope, as well as further trade fairs and conferences worldwide.

DLG. Progress and sustainability in the agriculture and food industry

The DLG (German Agricultural Society), founded in 1885 by Max Eyth, stands for productivity and sustainability in innovation-driven improvements in agriculture and the food chain. The aim of the DLG is to promote progress through the transfer of knowledge - especially with regard to technology and quality control. Non-profit, politically independent and with an international network, the DLG has more than 30,000 members worldwide.

As one of the leading organizations in its sector, the DLG not only organizes trade fairs and events in the fields of agriculture and food technology but also tests food, agricultural technology and equipment. With its competence centers for agriculture and food, its demonstration farm where practical trials take place along with its numerous publications, the DLG continually promotes independent knowledge transfer. In addition, the DLG works on numerous national and international committees of experts to develop solutions for the challenges facing agriculture and the food industry.
