175 Innovations from 20 Countries Underscore the Global Innovative Strength of Livestock Farming

The full list comprises 175 innovations recognized by the independent DLG Innovation Commission. The innovations originate from companies based in 20 countries and territories and fulfil the eligibility requirements of the EuroTier Innovation Award 2026, including the requirement that they represent new developments and have not been commercially available for more than 12 months prior to the exhibition. The Gold Medal (4) and Silver Medal (26) winners have been announced separately.

The new Innovation Boulevard at EuroTier 2026 in Hall 21 will feature a range of these innovations.

An overview of all 175 innovations is listed below according to country. The following list includes the Gold and Silver Medal winners. The names of the innovations are reproduced as submitted by the exhibitors.
