EuroTier 2026: A Global Platform for Knowledge Exchange, Networking and Innovation

10 to 13 November 2026 in Hanover, Germany – Guiding Theme: “Intelligence in Animal Farming” – Extensive Networking Opportunities and Events – Premiere of DLG-VetCon – Young Farmers Party Takes Place in Hall 2 for the First Time – www.eurotier.com

As the world's leading trade fair for professional animal farming and livestock management, EuroTier 2026, 10-13 November, offers an extensive programme of conferences, specialist events and networking opportunities for livestock professionals from around the world. Highlights include the International Cattle & Pig Event, the International Farmers Day and the new DLG-VetCon 2026. Organizer DLG (German Agricultural Society) expects around 2,100 exhibitors from more than 50 countries to attend the exhibition in Hanover, Germany.

Under the guiding theme "Intelligence in Animal Farming", trade visitors can explore over four days how intelligent solutions are shaping the future of livestock production. The exhibition covers all major livestock sectors, including pigs, cattle, poultry, horses, sheep and goats. Dialogue with leading experts and decision-makers from across the industry is another key attraction. To encourage this exchange, EuroTier 2026 offers a comprehensive programme of events, conferences and networking opportunities.

International Poultry Day Monday, 9 November 2026

The programme begins on 9 November, the day before the exhibition opens. The International Poultry Day brings together poultry professionals from around the world to discuss current developments and challenges within the sector.

Topics include animal welfare, nutrition, animal health, sustainability and market perspectives. Experts from science, practice and industry will present innovations and solutions for sustainable poultry production.

International Farmers Day and International Cattle & Pig Event **Wednesday, 11 November 2026**

Wednesday, 11 November offers extensive opportunities for international networking and professional exchange with the International Farmers Day taking place on this day. In 2026, the spotlight countries are the United Kingdom, Ireland and Poland. Presentations, panel discussions and networking sessions will provide insights into markets, strategies and innovations in these important agricultural nations.

The International Cattle & Pig Event concentrates current topics in cattle and pig farming on one common platform. International experts from politics, practice, science and business will present trends, developments and best-practice examples while discussing solutions for sustainable, animal-friendly and economically viable livestock production.

International visitors will also once again find the International Visitors' Lounge in Hall 13.

Female Agri Fellows Networking Event and Women in Ag Award Ceremony **Wednesday, 11 November 2026, 16:00-18:00, DLG Stand, Hall 13**

This Female Agri Fellow Networking Event and Women in Ag Award Ceremony celebrate women in agriculture while creating space for connection, exchange and inspiration. Both events take place at the DLG stand in Hall 13.

During the Female Agri Fellows Networking Event, women from across the agricultural and food industries will come together in an inspiring environment to network, share experiences and learn from one another, from start-up founders to business leaders from family farms.

A special highlight is the presentation of the Women in Ag Award from 16:00 to 17:00. This international award recognizes outstanding women from around the world, honouring their achievements and contributions to agriculture.

Open Agri Influencer Meet-up **Wednesday, 11 November and Thursday, 12 November 2026, 13:00-14:00, DLG Stand, Hall 13**

The DLG Agri Influencer Team invites everyone active in agricultural social media to join this informal networking event.

Without a formal agenda, participants can meet over a drink, exchange ideas and connect with fellow content creators and social media professionals. The goal is to foster networking and collaboration among stakeholders in agricultural communication and content creation. The events take place at the DLG stand in Hall 13.

DLG-VetCon 2026: Professional Conference for Large-Animal and Herd Veterinarians
Thursday, 12 November and Friday, 13 November 2026, Above Hall 19, First Floor, Conference Room

DLG-VetCon, powered by EuroTier, is a new international forum for large-animal veterinarians. Combining professional development, networking and innovation, the conference creates an ideal environment for knowledge exchange in an international setting. Through its close integration with EuroTier, participants benefit from unique synergies including access to market leaders in livestock technology and animal nutrition, leading farmers and producers, as well as the latest industry trends and technologies.

Young Professionals Day and Young Farmers Party

Thursday, 12 November 2026, DLG Stand, Hall 13

The Young Professionals Day is the meeting place for young farmers, engineers and scientists. A compact programme of presentations, discussions and interactive activities at the DLG stand offers opportunities to expand knowledge, establish professional contacts and exchange ideas with peers.

The highlight of the day is the legendary Young Farmers Party, which will this year be held in Hall 2 of the Hanover Exhibition Grounds. More space, more participants and more opportunities: with up to 3,500 guests, digital features and a completely new atmosphere, the Young Farmers Party is expected to be larger than ever before.

Science Campus: Platform for Science, Research and Careers

Hall 13

The Science Campus in Hall 13 offers insights into the work of leading research institutes, universities and technical colleges and serves as a hub for everyone interested in shaping the future of science and research.

Visitors can explore: Study programs and career opportunities: Information on degree programs and educational institutions.

Science and Innovation: Presentations of current research findings and technological developments.

Networking and Exchange: Opportunities to connect with experts, share ideas and discuss innovation.

Agrifood Start-ups: Cultivating the Future of Farming

The EuroTier Start-up area is the central platform for visionary ideas and groundbreaking technologies in the agriculture and food sectors.

Located in Hall 25, innovative start-ups meet a global network of investors, established industry leaders and decision-makers. The aim is to provide today's pioneers with a stage on which to showcase solutions that will help shape a sustainable, efficient and future-oriented agriculture sector.

About DLG

With more than 30,000 members, DLG is a politically independent and non-profit organisation. DLG draws on an international network of some 3,000 food and agricultural experts. DLG operates with subsidiaries in 10 countries and also organizes over 30 regional agricultural and livestock exhibitions worldwide. DLG's leading international exhibitions, EuroTier for livestock farming and Agritechnica for agricultural machinery, which are held every two years in Hanover, Germany, provide international impetus for the local trade fairs.

Headquartered in Frankfurt, Germany, DLG conducts practical trials and tests to keep its members informed of the latest developments. DLG's sites include DLG's International Crop Production Centre, a 600-hectare test site in Bernburg-Strenzfeld, Germany, and the DLG Test Centre, Europe's largest agricultural machinery test centre for Technology and Farm Inputs, located in Gross-Umstadt, Germany.

DLG bridges the gap between theory and practice, as evidenced by more than 40 working groups of farmers, academics, agricultural equipment companies and organisations that continually compare advances in knowledge in specific areas such as irrigation and precision farming.
