

Application for admission of a straight feeding stuff in the positive list of the Standards Commission for Straight Feeding stuffs of the Central Committee of German Agriculture (Zentralausschuss der Deutschen Landwirtschaft)

The undersigned company/association/organization hereby indemnifies application for receiving the feed material listed below

1. Details of the applicant

Please choose between the options:

- New Application

- Amendment application

Company/Association/ Organization:	
Street, No.:	
Country:	
Postal Code / City:	
Industry:	
Contact Persons (First Name, Name):	
Phone:	
E-Mail:	

2. Designation of the product applied for inclusion in the positive list straight feedingstuffs

The designation depends on Regulation (EU) 767/2009 according to the nature of the substance and the EU Catalogue of straight feeding stuffs in case listed, and has to be specified in German:

.....
.....

Indicating the registration number according to the EU Catalogue of straight feeding stuffs or the European feed materials register if there already conducted:

.....

Where applicable, justification why from the designation of the EU catalogue of straight feeding stuffs and/or the positive list should be deviated or why a new designation is requested:

.....

Where applicable deviating trade name:

.....

3. a) Description of the straight feeding stuff

Starting product, production, properties, differentiation from similar products (see also column 4 of the positive list):

.....
.....
.....

3. b) Information on the manufacture

including an indication of the processing aids and the feed additives used and a flow chart as an attachment:

.....
.....
.....

4. a) Feeding value and characteristics of the straight feeding stuff

Details of the value-determining constituents and the energy content to characterize the feed value according to the intended use, always determined by feed-specific methods and determined by analysis certificates of accredited laboratories, if appropriate further specifications and information on the physical form or consistency:

.....
.....
.....
.....

4. b) Specific constituents or properties that characterize the feed as regards its intended use as straight feeding stuff, naming of the constituents with indication of the mean levels and ranges:

.....
.....
.....

4. c) Are other feedingstuffs for denaturing or binding or feed additives added to the straight feeding stuff and if so, what kind (quantity proportions in percent)?

.....
.....
.....

4. d) If appropriate, information on the remaining amount of residues of processing aids, technical adjuvants and critical reaction products resulting from the manufacturing process (maximum proportions in percent):

.....
.....
.....

5. Nutritional purpose, intended use and recommended use

in livestock for food production, information on animal species, animal categories, normal and minimum and maximum Amounts used, percentage of the total ration, informative test reports, if any:

.....
.....
.....

6. Quality assurance, risk control

What dangers for the quality and safety of the feed with respect to humans, animals or the environment must be identified in accordance with HACCP principles for raw materials, the production, transport and storage and by what measures they are kept under control?

.....
.....
.....

7. Information on undesirable substances and pesticide residues

in accordance with Directive 2002/32/EC and Regulation (EC) 396/2005 and, if necessary, information on other substances that are important for the feed-safety as well as information about the microbiological quality (indication of fungal and bacterial counts), Certificates of analysis:

.....
.....
.....

8. Place of production:

- in own factory:
- licensed production:.....
- import (country):.....
- produced since:.....

9. The notified straight feeding stuff corresponds in the composition, labeling and presentation of the relevant statutory provisions.

Yes No

The inclusion on the positive list does not touch the general civil and criminal liability of the feed business operator with respect of the relevant feeding stuff. With my signature this is noted.

Intended labelling (constituents), see also Guidance of the federal and state governments for labeling of straight feeding stuffs and compound feed (according to Regulation (EC) No 767/2009.):

.....
.....
.....

10. The bringing of a fee for the application checking according to the fee schedule is approved.

..... the
(Place) (Signature and stamp)

Data protection notice

With your application, you also give us personal data. Since data protection is very important to us, we draw attention to the following:

Responsible for data processing: Zentralausschuss der Deutschen Landwirtschaft (Central Committee of the German Agriculture), c/o DBV e.V., Claire-Walldoff-Str. 7, 10117 Berlin.

The personal data disclosed to us is processed exclusively for the purposes of the application procedure and within the framework of the statutory provisions, in particular of Art. 6 of the DS-GVO.

The recipient of your data is the Standards Commission for Straight Feeding Stuffs at the Central Committee of the German Agriculture. On behalf of these, the office of the Standards Commission at the German Agricultural Society e.V. (DLG), as a member of the Central Committee, processes your application.

Information about the data stored on your person request as well as the data use contradict you can receive or unsubscribe at the address mentioned above. In consideration of the use requirement, we would then stop using the data if necessary.

The data protection authority responsible for us is: Berliner Beauftragte für Datenschutz und Informationssicherheit (Berlin Commissioner for Data Protection and Information Security), Friedrichstraße 219, 10969 Berlin.

We delete the personal data as soon as it is no longer necessary for the purpose. Through a deletion concept, we ensure this.
